As It Happens

**an inclusive and
multidisciplinary initiative**

TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

■ In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.

■ Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.

■ Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).

■ One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.

■ For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.

■ Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

■ Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.

■ We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.

■

■ *Teatro e Marionetas de Mandrágora is supported by República Portuguesa – Cultura, Juventude e Desporto / Direção-Geral das Artes, Município de Espinho / Museu Municipal de Espinho e Município de Gondomar. The structure is based at FACE - Fórum de Arte e Cultura de Espinho and headquartered in Gondomar.*

PRESENTATION

More than just a reflection on old age in an abstract or distant future, this project was born out of the urgency of the present moment. It confronted us with the inevitable course of life itself: those who today run, laugh, and make plans for tomorrow will, inevitably, be the slower bodies of the future, claiming their place in the world.

TESTIMONIALS

The Artist-in-Residence

Organized by the Viana do Castelo branch of APPACDM—Ponte de Lima Chapter—this is an inclusive and multidisciplinary initiative. The artist residency culminated in a final performance as part of the program for the Percursos da Música Festival in Ponte de Lima. This puppetry and visual arts residency was directed by Clara Ribeiro and Carla Castilho.

This project began with an act of sharing: each participant was challenged to bring a personal object to the first session—an object that evoked memories. And drawing on those memories, which often belong to the past, we created the characters and began to sketch out the performance.

The aim was to offer a different perspective on puppetry than usual and to explore something distinct from what the participants might have expected—both in terms of the techniques to be explored and the materials used.

Using masks that already bore the wrinkles of time, we created the characters that brought the show to life. We created characters that became puppets and often seemed to have a life of their own.

Using the mask as a starting point allowed the puppeteers to inhabit a new physical density and adopt the “slow rhythm of the elderly.” By donning the mask, the puppeteer inhabits a new physical density, adopts the slowness of aging, and transforms the material into a story; but also, by manipulating the face and body, they bring to life an external character with whom they interact, transforming it into pure story, life, and memory in motion.

CriArte is open to people with and without DID

From July 20 to 24, 2026, Ponte de Lima will host another edition of the “CriArte” project, which this year will focus on the theme “As It Happens.”

Organized by the Viana do Castelo APPACDM—Ponte de Lima Branch—and co-funded by the Institute for the Rights of Persons with Disabilities, I.P.’s funding program for NGOs, CriArte serves as a space for artistic encounter, creation, and sharing, bringing together professionals, amateurs, and anyone interested in participating in an inclusive and multidisciplinary creative experience.

In this edition, the project invites participants and the community to immerse themselves in an artistic process centered on the present, on listening, on connection, and on the transformation of individual gestures into collective expression. “Enquanto Acontece” invites reflection on art as a lived experience, valuing the encounter between different artistic languages, sensibilities, and life paths.

CriArte is open to people with and without DID, ages 8 and up, and combines training, experimentation, and collaborative creation, culminating in a final performance in a public space as part of the Percursos da Música Festival.
