the Refuge - the art of protecting the forest

SYNOPSIS

“O Refúgio — a arte de proteger a floresta” (The Refuge — the art of protecting the forest) is the result of a partnership between Teatro e Marionetas de Mandrágora and Novaterra — Associação Cultural Arte e Ambiente, with the support of the Directorate-General for the Arts and the Municipality of Gondomar.

Born from this exceptional partnership, featuring extraordinary music, comes the release of this CD-book. It aims to leave a deeper mark on the audience and serve as another seed in the long-term work of protecting and preserving Planet Earth. To achieve this, all the elements that composed the performance—theatrical action, music, and pedagogy—were brought together in the studio. There, the songs gained a new life, and a story was recreated to bridge the song lyrics with important scientific information.

TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by Portuguese Republic – Culture, Youth, and Sports / Directorate-General for the Arts, Espinho Municipality / Espinho City Council, and Gondomar Municipality. The structure is based at FACE - Espinho Art and Culture Forum and headquartered in Gondomar.*

PRESENTATION

The forest was once so vast, with so many trees where everyone could fit and live... but now, only one tree remains, and it is the sole refuge for all the animals. What is happening? Man is losing his mind!

Caruma, protector of the forest and the animals, lives in harmony with nature and fights to ensure his forest is not destroyed by human hands.

Inspired by the mission of giving a voice to forest protection, we created a performance where live music and puppetry merge into an ode to nature and all its beauty.

Is there still time to reverse the sad future to which the planet seems condemned?

» A fuçar o caminho com raízes e bolotas
e castanhas e sementes
eu me chamo Javali ou javardo,
porco bravo, porco molteiro...
Javalina ou gironda!
É ali uma poça para o meu banho de beleza,
eu na lama me encamo e arruo
Sou varrão, um barrão e arruo
Sou marrã, meu barrasquinho...
Oh!!! A Javalina!!!

Mamíferos omnívoros,
o que significa que
comem um pouco de tudo,
no entanto, apreciam
mais as bolotas e casta-
nhas. São animais
fortes e robustos, que
apesar de serem os ver-
dadeiros "tratores das
florestas" conseguem
passar despercebidos
pelo meio do arvoredo
graças à sua pelagem
acastanhada.
